

MUHAMMAD IRFAN FAHMI BIN SAMSUL KAMAR

Computer Engineering Graduate • CCNA & Cybersecurity Certified • Industrial AI

Puchong, Malaysia • +60 16-243 2023 • fahmilatif87@gmail.com • linkedin.com/in/mifi99 • l3al3y.github.io/ResumeAgent

PROFESSIONAL SUMMARY

I'm a **Computer Engineering Graduate** who enjoys turning ideas into practical solutions through software, networking, and AI. My interests span **IT support, full-stack web development, cloud technologies, and automation**, and I'm always looking for opportunities to learn and apply new tools. I enjoy building projects that improve workflows, strengthen my technical skills, and demonstrate real-world problem solving. My goal is to grow into a **Network Engineer** and **Infrastructure engineer** who bridges hardware, software, and artificial intelligence to create reliable and impactful technology. Experienced in **CCNA, VLAN, OSPF, Wireshark, OpenCV, YOLOv8, IoT, Windows administration, desktop support**, and military reserve discipline (**Askar Wataniah**).

TECHNICAL SKILLS

Networking & Protocols: CCNA, TCP/IP, IPv4/IPv6, VLAN, Inter-VLAN Routing, OSPF, Switching, LAN, WAN, STP, EtherChannel, DHCP, DNS, NAT, ACL, WLAN, Wireshark, Cisco Packet Tracer, Network Troubleshooting

Cybersecurity: Cybersecurity, Endpoint Security, Cyber Threat Management, Host Hardening, Firewall, Incident Response, Security Monitoring, Threat Mitigation

IT Support & Admin: Windows Administration, Desktop Support, Technical Support, Hardware Troubleshooting, User Support, Customer Support, Software & Driver Installation, Printer Support, Microsoft Office, Technical Documentation

Industrial AI & IoT: Industrial Automation, Artificial Intelligence (AI), Predictive Maintenance, Manufacturing Data Analytics, OpenCV, YOLOv8, Computer Vision, Arduino, Sensor Integration, IoT, Embedded Systems

Programming & Tools: Python, C, C++, SQL, MySQL, Git, GitHub, VS Code, EasyEDA

EDUCATION

Bachelor of Computer Engineering with Honours Oct 2022 – Present
Universiti Teknikal Malaysia Melaka (UTeM)

Diploma in Electronic Engineering (Computer) Dec 2018 – May 2022
Politeknik Port Dickson | **CGPA: 3.26 / 4.00**

Certificate in Computer Systems and Networking (Sijil Sistem Komputer dan Rangkaian) Jul 2017 – Feb 2019
Kolej Komuniti Selandar | **CGPA: 3.58 / 4.00** (*Best Student Award*)

CERTIFICATIONS & PROFESSIONAL TRAINING

Festo Industrial Automation with AI
Festo Didactic • 16 July 2026

CCNA: Switching, Routing & Wireless
Cisco Networking Academy / UTeM • 23 Feb 2026

Cyber Threat Management
Cisco Networking Academy • 17 Nov 2024

CCNA: Enterprise Networking & Automation
Cisco Networking Academy / UTeM • 23 Feb 2026

Endpoint Security Certification
Cisco Networking Academy • 12 Dec 2024

Fiber Optic Splicing & Polishing
Technical Workshop • 3 Feb 2018

ENGINEERING PROJECTS

Hybrid Self-Checkout System (Barcode Scanner + Computer Vision) *Capstone Project*

- Engineered dual-verification checkout using OpenCV, YOLOv8, USB barcode scanner, and MySQL database integration.
- Achieved **77.4% precision** and **72.0% recall** at 50 epochs, eliminating scan evasion with <150ms inference latency.

IoT Livestock Weight Tracking System *INOTEK 2025 (3rd Place Winner)*

- Designed IoT load-cell weighing platform with Arduino microcontrollers, HX711 amplifiers, and C/C++ signal filtering firmware.
- Delivered real-time telemetry dashboards with **98%+ measurement precision**, winning 3rd Place at INOTEK 2025.

AWARDS & LEADERSHIP

Third Place • INOTEK 2025
IoT Livestock System Innovation • 15 Jan 2025

Best Student Award • Semester 2018
Kolej Komuniti Selandar

Silver Medal • Student Innovation 2018
Smart Lecturer Tracking System • Oct 2018

Askar Wataniah Military Reserve
Territorial Army Basic Training • 2019

LANGUAGES

English: Professional Working Proficiency (Written & Spoken) • **Bahasa Malaysia:** Native / Full Professional Proficiency
